Explosion-protected Network Camera
2 MP 30x Starlight H.265 IR Network Camera

- 1/2.8-in. 2 MP STARVIS™ CMOS Sensor
- Powerful 30x Optical Zoom
- Starlight Technology for Ultra-low Light Sensitivity
- Triple-stream Encoding
- Smart H.265+ and H.264 Dual Codecs
- 1080p at 60 fps Maximum Resolution
- Intelligent Video System
- Maximum IR Distance 100 m (328 ft)
- 304 Stainless Steel Housing
- ATEX and IECEx Certifications
- IP68 Ingress Protection
- Five-year Warranty*

System Overview
The Dahua Explosion-protected Camera series features a powerful optical zoom lens and a rugged design that meets the ATEX and the IECEx standards. This camera series uses a 1/2.8-in. STARVIS™ CMOS imager with a 30x optical zoom lens, and provides an all-in-one solution for capturing long-distance video surveillance in critical environments. The camera uses the H.265 video compression standard to improve encoding efficiency while preserving high-quality video. The explosion-protected stainless steel camera is designed to prevent ignition of surrounding gasses or combustible dust, and is the ideal surveillance solution for use in the oil production, pipeline, refinery, chemical, and grain storage industries.

Functions
Starlight Technology
For challenging low-light applications, Dahua’s Starlight Ultra-low Light Technology offers best-in-class light sensitivity, capturing details in low light down to 0.005 lux. The camera uses a set of optical features to balance light throughout the scene, resulting in clear images in dark environments.

True Wide Dynamic Range
The camera achieves vivid images, even in the most intense contrast lighting conditions, using industry-leading wide dynamic range (WDR) technology. For applications with both bright and low lighting conditions that change quickly, True WDR (120 dB) optimizes both the bright and dark areas of a scene at the same time to provide usable video.

Smart H.265+
Smart H.265+ is the optimized implementation of the H.265 codec that uses a scene-adaptive encoding strategy, dynamic GOP, dynamic ROI, flexible multi-frame reference structure and intelligent noise reduction to deliver high-quality video without straining the network. Smart H.265+ technology reduces bit rate and storage requirements by up to 70% when compared to standard H.265 video compression.

Intelligent Video System (IVS)
IVS is a built-in video analytic algorithm that delivers intelligent functions to monitor a scene for Tripwire violations, intrusion detection, and abandoned or missing objects. A camera with IVS quickly and accurately responds to monitoring events in a specific area. In addition to scene analytics, the camera detects and captures a snapshot of human face in a defined area within a scene, and offers tamper detection by recognizing a dramatic scene change and generating a warning message to inspect the camera.

Environmental
With a built-in heater and a temperature range of –40 °C to +60 °C (–40 °F to +140 °F), the camera is designed for extreme temperature environments. Subjected and certified to rigorous dust and water immersion tests, the IP68 rating makes it suitable for demanding outdoor applications.

Protection
The camera allows for ±25% input voltage tolerance, suitable for the most unstable conditions for outdoor applications. Its 2KV lightning rating provides effective protection for both the camera and its structure against lightning.

Interoperability
The camera conforms to the ONVIF (Open Network Video Interface Forum) and PSIA (Physical Security Interoperability Alliance) specifications, ensuring interoperability between network video products regardless of manufacturer.

*Warranty applies to products sold through an authorized Dahua Dealer.
## Technical Specification

### Camera
- **Image Sensor**: 1/2.8-in. STARVIS™ CMOS
- **Effective Pixels**: 1920 (H) x 1080 (V), 2 MP
- **RAM/ROM**: 512 MB / 128 MB
- **Scanning System**: Progressive
- **Electronic Shutter Speed**: 1/1 s to 1/30,000 s
- **Minimum Illumination**
  - Color: 0.005 lux at F1.6
  - 0 lux at F1.6 (IR on)
- **S/N Ratio**: More than 55 dB
- **IR Distance**: Up to 100.0 m (328.04 ft)
- **IR On/Off Control**: Auto, Manual
- **IR LEDs**: Six (6)

### Lens
- **Focal Length**: 4.5 mm to 135 mm
- **Max. Aperture**: F1.6 to F4.4
- **Angle of View**
  - Horizontal: 67.8° to 2.4°
- **Optical Zoom**: 30x
- **Focus Control**: Auto, Manual
- **Close Focus Distance**: 100 mm to 1000 mm (3.94 in. x 39.37 in.)

### DORI¹ Distance

<table>

<tr>
<th></th>
<th>Detect</th>
<th>Observe</th>
<th>Recognize</th>
<th>Identify</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>1862 m (6109 ft)</td>
<td>744 m (2441 ft)</td>
<td>372 m (1220 ft)</td>
<td>186 m (610 ft)</td>
</tr>
</tbody>
</table>

### Video
- **Compression**: Smart H.265+, H.265, Smart H.264+, H.264
- **Streaming Capability**: Three (3) Streams
- **Resolution**: 1080p (1920 x 1080), 1.3 MP (1280 x 960), 720p (1280 x 720), D1 (704 x 480), CIF (352 x 240)

### Audio
- **Compression**: G.711a, G.711Mu, AAC, G.722, G.726, MPEG2-L2

### Network
- **Ethernet**: RJ45 (10 Base-T, 100 Base-TX)
- **Protocol**: IPv4/IPv6, HTTP, HTTPS, SSL, TCP/IP, UDP, UPnP, ICMP, IGMP, SNMP, RTSP, RTP, SMTP, NTP, DHCP, DNS, PPPOE, DDNS, FTP, IP Filter, QoS, Bonjour, 802.1x

### Interoperability
- ONVIF, PSIA, CGI

### Streaming Method
- Unicast / Multicast

### Maximum User Access
- 20 Users

### Edge Storage
- Network Attached Storage (NAS), Local PC for instant recording, Micro SD Card Slot, maximum 128 GB

### Web Viewer
- IE, Chrome, Firefox, Safari

### Management Software
- SmartPSS, DSS

### Mobile Operating System
- iOS, Android

¹ The DORI distance is a measure of the general proximity for a specific classification to help pinpoint the right camera for your needs. The DORI distance is calculated based on sensor specifications and lab test results according to EN 62676-4, the standard that defines the criteria for the Detect, Observe, Recognize and Identify classifications.

### Intelligence

**IVS triggers an alarm and takes a defined action for the following events:**

- **Standard Features**
  - Tampering with the camera.
  - Camera loses or changes focus drastically.
  - Error writing to an onboard Micro SD card.
  - Error sending or receiving data over the network.
  - Unauthorized access to the camera.

- **Premium Features**
  - Motion
    - An object moves through any part of the scene.
  - Tripwire
    - A target crosses a user-defined line.
  - Intrusion
    - A target enters or exits a defined perimeter.
  - Scene Change
    - A person or object moves the camera to change the scene or covers the camera to obscure the scene.
  - Abandoned/Missing Object
    - A target leaves an object in designated area, or a target removes an object from the same designated area.

- **Advanced Features**
  - Facial Detection
    - Detects and captures a snapshot of a human face in a defined area within a scene.
  - Heat Map
    - Generates a visual representation of data.
